

St Pete Comments

- After having the good experience in Spring I booked a flight for my 17 year old daughter to fly alone. She had a wonderful travel experience. I have recommended your airline to many people since
- Another son flew into Tampa on Allegiant on New Years Eve in time to see Penn State play in the bowl game last year. Great price, great service.
- as long as you reserve a seat - it was great
- Aside from the fact that the attendants ran a raffle for some useless prizes, everything else was OK. The flight home was delayed, though.
- comfortable
- delayed because of weather
- Did not realize the very back rows had no windows ! On the return I ask to be forward of row 30 . Otherwise everything else was great.
- Ditto
- Don't like being nickled and dimed to death. Just add \$5 or \$10 to the ticket and include my suitcase and seat.
- Easy & direct flight to Clearwater/St. Pete airport. Love it! Will be flying here in early October, 2007.
- Easy-Hassle Free

- First 3 times good the last time long delay
- Flew down for my buddy's wedding. I was very impressed. I usually only fly on US Airways.
- Flight and staff were great!!!
- Flight was perfect.
- Flight was uneventful. We like flying in and out of smaller airports. Recent ticket price increases may require us to look elsewhere. \$59 to \$82 per flight is a big jump in price.
- Flight was very comfortable.
- Flight went ok. Seats are too close together. I'm 6'1" and my knees hit the seat in front of me.

- flown 6 times. 5 very good. 1 very bad. you waited to help a person who refused medical help. she should have been put off the plane.
- Fun

- Great, but the drive from Ft. Myers to Tampa is too long with the kids...2Hrs+. If the flight was direct from Ft. Myers we would use it every month

- Great-loved it
- Had delay because of storms in N East
- I have flown with you 2 times and have a 3rd booked for November. I have also booked 3 other people vacations with you. You're the best airline I know of. I
- I have never used this service, but I travel very often between ABE and TPA and I like the idea of a nonstop flight. I am very tired of commuting between cities and having to wait long for delayed flights at US Airways.
- I really enjoy the direct and affordable and convenient flight.
- it was a nice flight
- It was great- exactly what I was looking for.
- It was great!
- It was great! Nice big plane. Good service.
- It was ok. I wasn't thrilled with the varying prices - some passengers fly extremely cheap and others fairly expensive. Also the baggage charges annoyed me. Oh
- It was Very Nice
- It was wonderful. I will definitely fly with you guys again
- It went great!
- itwaswonderful I will definitely fly with you guys again
- Just fine. It was affordable travel for my young son and me, and worked perfectly with our schedule.
- my brother traveled to this destination!
- My husband was on the inaugural flight and enjoyed it. We are scheduled again for 9/27.
- My mother in law and my wife have used without a problem
- My mother inlaw has use the service twice and will be flying with you again at the end of the summer. There were no problems.
- my son was happy
- My wife and I were probably among the first 20 people to fly on your first day. Service is fine as all we need to do is get there. However, the scheduling is poor. When Southeast was active we could leave on a Friday night at 8 and not miss work and return home on a Sunday departing at 4pm. Your schedule for one keeps changing and for my sake it is inconvenient. I will be going to Tampa St Pete in Oct and again in Nov. I now have to go on Thursday morning, take two extra days off from work and come home on a Sat afternoon when I could have still been in Fla on Sun. In Nov instead of flying the day before Thanksgiving we have to fly Thanksgiving night and again we have to fly home on Sat. I hope this gets better by spring as we have two more trips scheduled then. We go

about 5 times per year. Also, at least serve a free cola. Hell, I just paid extra just to book a seat in advance. How hard is that. Over the years I have expressed all of this to George Dorhity at LVIA. Ironically he has always been the one who responded. I never do hear from the airlines. Sincerely Ken Laga

- Needed to make an emergency landing in Roanoke on return flight due to disruptive passenger, otherwise OK.

- LOVE Allegiant Air! Please dont ever stop service to Tampa/St. Pete!
- OK
- on-time
- Other than being crammed into the back with no windows, it was not all that bad. The service at both Allentown and St. Petersburg was very acceptable.
- Parents used this for spring training. They were extremely happy. Dropped off at ABE and directly to Tampa/St. Petersburg, FL. How much better can you get?

- The flight got in at night, which I would have liked it to be earlier, finding the hotel and such for the first time. The crew played games to pass the time g
- The flight there was delayed three and a half hours. Id like to take a future family trip with my 2-year-old son, but I decided against it after I experienced the delay while traveling alone. I dont want the experience of getting there and back to be so stressful that I regret taking the family on vacation.
- The flight was delayed out of Tampa, but it was not the fault of the airline. Overall, it was a great flight and I would certainly do it again - especially at
